MEMORANDUM FOR: H. F. Hutchinson, Jr.  
Director, Security Evaluation Office

FROM: Brigadier General Richard S. Beyea, Jr., USAF (Ret.)  
Director, Community Counterintelligence and Security  
Countermeasures Office/Intelligence Community Staff

STAT

SUBJECT: Draft Testimony for the DDCI before the  
House Foreign Affairs Committee

REFERENCE: Your memo, 29 August 1988

1. I only have one minor suggestion concerning the testimony. In the first sentence of the last paragraph, page 2, suggest instead of "organization" you spell out your office, i.e., "The fundamental purpose for the Security Evaluation Office is to assist the Secretary of State..."

2. Concerning the reply to the question "What would happen if the Secretary does not agree with the security standards formulated by the DCI?", I recommend that in the last sentence you state that "the DCI would have to inform the President..."

3. If we can be of any additional assistance to SEO, please let me know.
